Sunny Kumar

SUNSTONE

MERN Stack Developer | React, Node.js, MongoDB

palsunnykumar1074@gmail.com | 8528881074 | Farrukhabad , Uttar Pradesh

https://github.com/sunny1074 | https://www.linkedin.com/in/sunny-kumar-38b062291

Skills

Hard Skills: HTML/CSS, React.js, Node.js, MongoDB, JavaScript, Java, Express.js
Soft Skills: Communication, Problem-Solving, Adaptability, Team Collaboration

Work Experience

Web Developer - Algonive *Jun 2025 - Jul 2025*

HTML/CSS

- Boosted user engagement by 25% through designing responsive, visually appealing interfaces.
- Developed web applications with HTML, CSS, JavaScript, ensuring cross-device compatibility.
- Gained exposure to performance optimization and seamless user experience design.

Technical Projects

Healthcare Logistics *2025*

HTML/CSS, JavaScript

GitHub Repository Live Demo

- Created responsive pages for registration, login, and booking, enhancing user experience and accessibility.
- Developed an admin dashboard to track user activity, hospital data, and bookings effectively.
- Implemented authentication and session management to secure user data and ensure safe access.

Social-Media-Web-Application *2025*

HTML/CSS, Node.js, MongoDB, JavaScript

GitHub Repository Live Demo

Built a React.js SPA with Context API, improving user experience by reducing load times and streamlining data management.Designed a scalable RESTful API with Node.js and Express to handle complex CRUD operations reliably.Focused on performance and efficiency, ensuring smooth interactions and data co

Admin-Dashboard *2026*

React.js, Node.js, MongoDB, JavaScript, Express.js

GitHub Repository Live Demo

- Developed a responsive Admin Dashboard with interactive UI components, enhancing data visualization and management capabilities.
- Designed structured navigation and analytics features, creating reusable UI modules for efficient system monitoring.

Problem Solving & Data Structures

LeetCode

Proven problem-solving skills demonstrated through solving over 250 LeetCode problems across topics such as arrays, strings, recursion, trees, and dynamic programming, with consistent achievement of Daily Coding Challenge Badges in January and February 2026. This experience reflects strong analytical abilities, algorithmic thinking, and proficiency in optimizing solutions, directly supporting effective development and system design tasks.

Education

Bhagwati Institute Of Technology & Science
BCA (2023 - 2026)

Kendriya Vidyalaya RRC Fatehgarh
Class XII (2023) **Percentage: 65**

Kendriya Vidyalaya RRC Fatehgarh
Class X (2021) **Percentage: 86.6**

Certifications

- Front-End Software Engineering Job Simulation - Forage (September 2025)
- Web Development for Beginners - Simplilearn (August 2025)
- Introduction to Soft Skills - TCS ION (June 2025)
- Software Engineering Job Simulation - Forage (March 2025 - March 2025)
  Skills learned: HTML/CSS

Achievements

- Secured second position in the "Website Development Competition" at BITS campus, demonstrating strong skills in website development
- Achieved 1st place in the 'Hackathon Coding Challenge', led by the tech club at the BITS campus.
- Achieved 1st place in the 'Coding Puzzle Challenge', led by the tech club at the BITS campus.
- Achieved 1st position for "Debug the Code" challenge at BITS Campus, led by the tech club, demonstrating problem-solving skills and technical proficiency.
